

# PARROT MKi9200

## Leading-edge *Bluetooth* hands-free systems

The Parrot MKi9200 is a *Bluetooth* hands-free system with a high-definition TFT colour screen. A wireless remote control that can be positioned on the steering wheel or dashboard and provides control over all the functions of the MKi9200. In addition to delivering high telephony performance, the MKi9200 is also gifted for music with an iPod®/iPhone™ connector, USB port, *Bluetooth* Stereo receiver, line-in input and SD Card slot. The colour screen provides the ultimate in music quality by displaying the full playlist along with the name of the artist, the title and even the corresponding album cover. The system comes with a double external microphone for top-quality conversations. The Parrot MKi9200 is a *Bluetooth* hands-free system compatible with all vehicle makes and which works with all mobile phone brands.

## Main features

- LARGE COLOUR SCREEN:** With a mere glance, check your music and all your telephone's information on the 2.4" screen.
- iPod/USB/SD AND LINE-IN CONNECTIONS:** Connect all your audio devices to the Parrot MKi9200.
- PHONEBOOK SYNCHRONISATION:** The system automatically synchronises its phonebook with the contacts on your mobile phone.
- AUTOMATIC VOICE RECOGNITION:** The auto-learning voice recognition feature is built in to guarantee maximum safety at the wheel.
- WIRELESS REMOTE CONTROL:** The MKi9200 comes with an RF wireless remote control that can be positioned on your car's steering wheel or dashboard.
- BLUETOOTH HANDS-FREE SYSTEM:** Make and receive calls with the Parrot MKi9200 without ever taking your hands off the wheel.

## Connections

*Bluetooth* v2.0

## The Parrot product

- CONNECTIONS:** Compatible with all digital and analogue devices
- SCREEN:** 2.4" colour screen

Length: 51.92 mm Width: 36.02 mm

Thickness: 25.78 mm Weight: 14 g

Screen:

Length: 72 mm Width: 57 mm

Thickness: 12 mm Weight: 38 g

#### Processor

PARROT 5 microprocessor (32-bit) @ 208 MHz

Memory: Flash = 32 Mbits – RAM = 16 Mbits

## Sales informations

#### Kit contents

1 2.4" TFT colour screen

1 six-button wireless remote control

1 double external microphone

1 Parrot control unit with iPod/iPhone and USB cables

1 steering wheel mounting kit

1 steering wheel mounting kit for dashboards

1 screen cable

1 mute cable with iso connectors

1 accessory bag

1 quickstart guide

#### BOX

• Number of products per box: 15

• Box dimensions: 600 x 400 x 250 mm

• Box weight: 7.6 kg

#### PALLET

• Number of products per pallet: 240

• Pallet dimensions: 80 x 120 x 120 cm

• Pallet weight: 131.6 kg

#### Comments

Product customisation (product, software, packaging) is available.

#### Also available / Accessories

## Bluetooth wireless technology

The *Bluetooth* wireless technology enables voice and data to be sent via a short-distance radio link. It connects a wide range of electronic equipment without requiring additional cables. Furthermore, it extends the communication possibilities for mobile phones and a large number of devices. The *Bluetooth* stereo (A2DP) profile uses the same radio frequencies and can be used to send music tracks from one device to another. Parrot products are 100% *Bluetooth* compatible and are therefore compatible with almost every *Bluetooth* stereo (A2DP) mobile phone.

Visit [www.parrot.com](http://www.parrot.com) to find out whether your phone is compatible.
